EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Arthur Steiner on 8 February 2006.

The application has been amended as follows:

In the second line of Claim 2, change "witching means" to "switching means".

In the first line of the third section of Claim 4, change "optical cable unit consisting" to "optical cable unit consisting of".

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

3. In light of the Applicant's Amendment and Remarks, filed on 5 December 2005, Claim 4 is considered to be allowable, particularly due to the limitations that the DVI connector includes a built-in DDC signal generating means and that interface module

comprises a 4-core optical cable unit consisting of a 4-core optical cable with 4-core female optical connectors at either end. These limitations, when considered with the rest of the claim, distinguish the invention from the prior art of record.

4. Claims 2 and 3 are considered allowable due to their dependence upon Claim 4.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeremy S. Cerullo whose telephone number is (571) 272-3634. The examiner can normally be reached on Monday - Thursday, 8:00-4:00; Alternate Fridays.
